Guides to create listing

TrumerX is the SMART, EASY and MORE PROFITABLE way of trading. TRM, short for TRUMER®, is the transaction unit used on the TrumerX Platform. (*Currently 1TRM is equivalent to RM1*)

*You can also list fully in Cash or in TRM.
Or you can list in part Cash and part TRM.*

If a product or service is listed under TRM + xRM and if you have insufficient TRM, you can now pay the required balance in cash (denoted as xRM) through the payment gateway provided.

TrumerX is managed by Trumer Shoppe Sdn Bhd, a subsidiary of Trumer International Berhad with a paid up capital of RM5.5 million.
